

Accessing BAU Resources

Through a partnership with Bahçeşehir University (BAU), BI students and faculty members have access to dozens of research databases, containing millions of items.

To access these materials, BI students must use their UMIS credentials for authentication. Please note that faculty members must use their network / WLAN credentials.

For questions related to usernames and/or passwords, please contact [IT](#).

UMIS usernames are usually in the format: **firstname.surname**

A screenshot of a web browser window showing the login page for the BAU proxy. The browser's address bar displays "proxy.bau.edu.tr". The login form is centered on a light gray background. It features the BAU logo (a blue diamond shape with radiating lines) and the text "BAU BAHÇESKÖY ÜNİVERSİTESİ". Below the logo are two input fields: "Enter Username" and "Enter Password". The password field has a small eye icon to its right. At the bottom of the form is a blue rounded button labeled "LOGIN".
