

BAU Research Databases

Through a partnership with Bahçeşehir University (BAU), BI students and faculty members have access to dozens of research databases.

BAU databases are indexed in [DBIS](#).

Searching all BAU holdings at once with a discovery system

When searching [BAU databases](#), the best place to start is [BAU Academic Search](#) (discovery system). This portal allows you to search the contents of all BAU databases¹ at once, plus the eBook collections of BAU Libraries.

Don't forget: to access BAU databases, you will need your BI OIS credentials.

The screenshot displays the BAU Academic Search Engine interface. The top navigation bar includes links for 'New Search', 'BAU Main Page', 'BAU Barbaros Library', 'User Guides', 'Publications', 'DynaMed COVID-19 Topic', and 'Get COVID-19 Results'. The search bar is located in the center, with a 'Search' button highlighted by a red arrow and the text 'Step 3'. The left sidebar contains 'Refine Results' options, including 'Expanders', 'Limiters', and 'Source Types'. The main content area shows search results for 'How COVID Affected our Python Class at the Worcester Public Library.' and 'Hackathons and Libraries: The Evolving Landscape 2014-2020.' The right sidebar lists various databases and resources available for access.

¹Well almost all... The following databases are not included in BAU Academic Search and must be searched individually:

- Beck eBibliothek
- Beck Online
- INCITES Essential Science Indicators (ESI)
- Hukuk Türk
- InCites
- Journal Citation Reports (Clarivate)
- Lexpera
- Oxford English Dictionary
- SciFinder
- ProQuest Dissertation & Thesis

- [SciVal](#)
 - [Statista](#)
 - [Swisslex](#)
 - [UpToDate](#)
